500

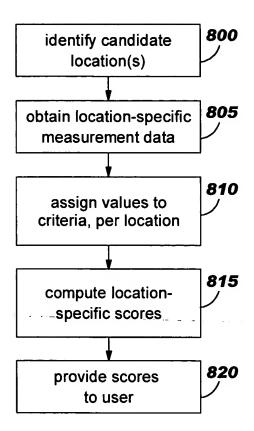

520	Criterion: Prog	Criterion: Prog. language - Java
	Definition	Evaluates Java programming language skills for product X.
) ) )	Information	Understands general concepts of object-oriented programming.
	Required	Has formal training in object-oriented programming.
_		Has experience in using object-oriented programming.
		Understands general concepts of Java programming language.
		Has formal training in Java programming language.
		Has experience in using Java programming language.
		Familiar with J2EE.
540		
	Measurement	Compare the candidate location to the product information. Use the following rating scale:
/	Guidelines	5 Significantly exceeds requirements
		4 Exceeds requirements
		3 Meets requirements
		2 Minor deviations from requirements
		1 Significant deviations from requirements
